This debit card is administered through Further, a vendor partner of Capital Blue Cross. The debit card should only to be used to pay for eligible expenses as determined by the IRS. The expense must be medically necessary and meet the eligible expense requirements for reimbursement. It cannot be used to get cash from an ATM or a vendor where a PIN number is required. The card only can be used at merchants that accept VISA. Use of the debit card does not remove any of the IRS claim substantiation requirements. Save your receipts as they may be needed if the IRS requests documentation to verify that the funds in your account were used for qualified medical expenses. If you are not part of an employer group, the debit card can only be used to access funds from an HSA account.
